Pier 3a before the renovation

Use of building was not fit for purpose

Pier 3a, ground floor, access to the gates

Pier 3a, ground floor, gate

Pier 3a, first floor

set up 2004 for low-cost transport | approx. 4,000 m² floor space | two storeys

- Departure gates were too small
- Passengers crossed and merged in the access to the gates
- Ground floor: Departure area for Schengen and non-Schengen flights with decentralised border control
- First floor: Unused apart from at arrival times

Pier 3a after the renovation

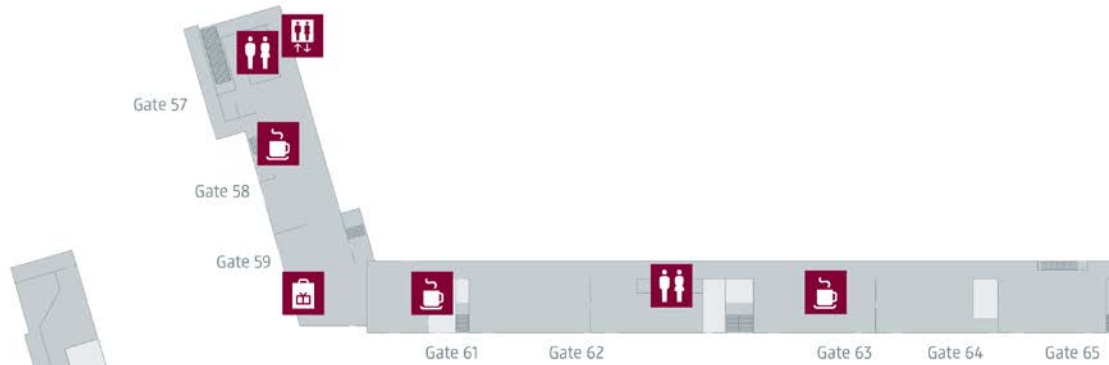

Better quality of services / efficient use of floor space

- ✚ Improvement in quality of services for travellers by opening up walls
- ✚ More seating
- ✚ Ability to charge mobile devices
- ✚ Full refurbishment of toilets and additional toilets on the first floor
- ✚ 3 new food outlets
 - Ground floor: Sandwich Manufaktur (Marché Mövenpick Deutschland GmbH) / Augustiner Bierbar (Laggner Finest Food & Wine GmbH)
 - First floor: Wunderbar (ick bin ein berliner GmbH)
- ✚ Relieving passenger flows and more efficient use of space through different functions
 - Ground floor: Departure and arrival area for Schengen flights
 - First floor: Departure area for non-Schengen flights including centralised border control
